Central Paper Products Company, Inc. is a leading wholesale/retail supplier of paper products serving the entire New England region. This project involved a 34,800-sf warehouse addition, and related site improvements, to their central office/warehouse located at 300 Gay Street in Manchester, off of Brown Avenue. Site improvements included the reconfiguration of parking areas & drive aisles and the construction of a new underground detention (drainage) system.

Northpoint provided all components of the civil engineering design including, Grading & Drainage design, Site Utility design, Landscape design, and Erosion Control Design. Northpoint assisted in securing all local permits through the City of Manchester.
